

Happy Faces

The impact Canfix has to reduce and prevent suffering of community owned dogs is incredible. While we would love to show you ALL the happy dogs from 2019, here's just a few that are leading happier, healthier lives thanks to your generous support.

There are many ways you can help be a dog's hero

Sponsor a Dog - for a \$100 one time donation you can sponsor a specific dog. You will not only receive a tax receipt, but a free CanFix decal and postcard with the dog's picture and info!

Monthly Giving - this allows you to make secure, monthly payments in whatever amount you choose so we can rest easy knowing we can always help a community dog in need. Tax receipts are given once yearly for the total amount. You will also receive a free CanFix hat or t-shirt depending on the monthly amount donated!

One time donations - of course one time donations via paypal or e transfer are always welcome! E transfers can be sent to info@canfix.org and donations can be made via the paypal link on our site as well.

Planned giving - a wonderful legacy to leave that costs you nothing during your lifetime, but ensures CanFix can continue to save lives for years to come

Event donations – auction items, yard sale donations, dog toy prizes,
VOLUNTEER! (the most fun part!)

THANK YOU IS NOT ENOUGH
